

## St. Louis Community College Center for Nursing & Health Sciences: St. Louis, MO

### PROJECT DESCRIPTION

**Client:** St. Louis Community College  
**Project:** New Construction College Facility  
**Construction Manager:** Tarlton Corp.  
**Architect:** KAI Design-Build  
**Floor Area:** 96,000 sf  
**Construction Schedule:** August 2019

### PROJECT APPROACH

Design/Build

### ROLE

Installing Mechanical Contractor

### PROJECT SCOPE

Wiegmann Associates fabricated and installed all the ductwork for the Center for Nursing and Health Sciences, located on St. Louis Community College's Forest Park campus.

The energy-efficient HVAC system optimizes performance while meeting the temperature requirements of the science laboratories, classrooms, dental clinics and common areas. The facility is LEED registered (Silver targeted) with the U.S. Green Building Council.
