

Army Reserve Training Center: Weldon Spring, MO

Home / Army Reserve Training Center: Weldon Spring, MO

PROJECT DESCRIPTION

Client: Greenleaf Construction Co./Alberici

Project: Army Reserve Training Center

Floor Area: 33,000 sf

Construction Schedule: 18 months

PROJECT APPROACH

Plan/Spec

ROLE

Installing HVAC Contractor

PROJECT SCOPE

The Weldon Spring Army Reserve Center includes maintenance, classroom, office and storage spaces as well as a rifle range, obstacle course and wilderness area for training exercises.

Army Corps projects are unique and challenging in terms of understanding the project specifications and documentation requirements. Wiegmann installed HVAC for two new buildings, the Operational Maintenance Shop and Army Reserve Center.

Wiegmann furnished and installed:

- Air Handling Units
- Chillers
- Pumps
- Boilers
- Vehicle Exhaust systems
- Liebert IT Room Air Conditioning Units
- Make-up Air units
- Infrared Radiant Heaters
