Home / / National Information Solutions Cooperative: Lake Saint Louis, MO

## PROJECT DESCRIPTION

**Client:** National Information Solutions Cooperative

**Project:** Lake Saint Louis Campus Expansion

**General Contractor:** United Construction

**Floor Area:** 44,000 sf expansion

**Construction Schedule:** 12 months

## PROJECT APPROACH

Plan/Spec with Value Engineering

## ROLE

Installing HVAC and Building Automation Systems Contractor

Wiegmann Associates is the installing HVAC contractor for the National Information Solutions Cooperative (NISC) Lake Saint Louis campus expansion. The expansion adds 44,000-square-feet for additional employee work areas and an expanded mailroom facility for NISC's Automated Mailroom Services division.

Wiegmann added new roof top equipment, variable volume system for offices, and a complete controls system. We also relocated existing compressed air equipment and piping.
