

Warrenton Aquatic Center: Warrenton, MO

PROJECT DESCRIPTION

Client: City of Warrenton, MO
Project: New Construction Aquatic Center
General Contractor: Demien Construction
Architect: S.J. Hollander Architects, P.C.
Floor Area: 16,000 sf
Construction Schedule: Completed Oct. 2019

ROLE

HVAC Design/Build Contractor
Installing Mechanical & Building Automation
Systems Contractor

PROJECT APPROACH

Design/Build

PROJECT SCOPE

Wiegmann Associates completed HVAC work for the new Warrenton Pool Park Aquatic Center. Wiegmann designed and installed the complete mechanical system, including a building automation system.

PROJECT CHALLENGE/SOLUTION

To accommodate limited space and possible future expansion, Wiegmann built a discrete mechanical yard and routed return air duct-work through custom built trusses.
